

Latest News

Unitech Supports Charities - Unitech I.T. Solutions strongly believes in being a responsible corporate citizen and this is reflected in our support of not-for-profit organisations as well as encouraging, and supporting, our employees to do the same. Over the past couple of months Unitech I.T. Solutions supported the Sylvanvale Charity Golf Day, Sydney to the Gong ride for MS Australia and Movember. For full details simply head to our website, www.unitech.com.au/about-us/corporate-social-responsibility-3.html. You'll even find a link to a Sylvanvale Charity Golf Day news article featuring Unitech I.T. Solutions.

Seminars - We are currently working on an exciting calendar of seminars for 2012 with the aim of holding the first seminar of the year in late February. Once finalised, invitations will be emailed and details made available on our website so stay tuned.

1 WINNER RECEIVES: a Canon Pixma MP280 printer with print, copy and scan facilities.

ENTRIES CLOSE: 29 February 2012

Tech Talk: Software License Maintenance Renewal

What is a Maintenance Renewal?

Essentially it acts as a form of insurance and after sales service for your software license. It is predominately applicable to backup and anti-virus software.

Why Should I Renew?

The main benefit of renewing is receiving software updates with new features and improved efficiency. Renewal is particularly important for anti-virus software as new virus threats are constantly emerging and up to date protection is essential. It also provides access to product specific technical support from the software vendor. Whilst we aim to resolve your I.T. problems and keep abreast with changes in vendors software, there are sometimes issues with software versions working in particular environments that need expert advice to resolve and manage. Failure to renew may also result in additional costs should you choose to renew at a later date.

How Do I Renew?

At the end of your maintenance period Unitech I.T. Solutions will email you a quotation for the cost of a one year renewal. Simply accept the quotation and we will do the rest. In the event you receive notification directly from the software vendor simply forward that notification to us and we will action it, sales@unitech.com.au.
